YOUR HELP IS NEEDED NOW MORE THAN EVER

Today, the morale-building needs of our armed services are greater than ever. American fighting men at home and abroad need entertainment, recreation — that “little bit of home” provided by U.S.O. and U.S.O.-Camp Shows.

Happily, American prisoners of war have been freed in Europe, but there are still thousands of men held by barbed wire bonds in the Pacific. Until the last man is free, War Prisoners Aid will attempt to serve these men.

The newly-liberated countries have been stripped barren of food, clothing, all necessities by Axis occupation. Whole populations are desperately in need of assistance if disease, death and chaos are to be prevented.

Our home-front services must be kept going. The war has brought added needs for hospitals, day nurseries, clinics, settlement houses, havens for the aged, orphan homes, and other welfare agencies.

One Gift For All

When you give ONCE to your Community War Fund, you give to ALL these agencies: U.S.O., War Prisoners Aid, the relief organizations of Belgium, China, Czechoslovakia, Denmark, France, Greece, Italy, Luxembourg, the Netherlands, Norway, Poland, Russia, Yugoslavia, the Philippines, Lithuania, Refugee Relief Trustees, the U. S. Committee for the Care of European Children, United Seamen's Service, and American Field Service. You are supporting local hospitals and welfare agencies, Boy Scouts, Girl Scouts, and other community services. Also, you are supporting Labor's own war relief program abroad.

FOR OUR OWN — FOR OUR ALLIES

WILLIAM GREEN

"Members of the American Federation of Labor have distinguished themselves as hard workers and generous givers during this war. Unparalleled production has resulted, and more than a hundred million dollars has been contributed for war and home front causes through the program of the Labor League for Human Rights. The National War Fund has more than proved its worth in the past years of trial and strife. We shall support the present campaign with the knowledge that our contributions will be used to render invaluable services to our armed forces, lessen suffering at home, and administer relief to countries devastated by the war."

MATTHEW WOLL

"Liberation of nations enslaved by the Axis reveals conditions beyond belief. These countries have been robbed. Whole populations are ragged, hungry, discouraged. The 7,000,000 members of the American Federation of Labor will assist distressed peoples abroad, support the U.S.O. and maintain essential home front services by giving to the National War Fund through their Community War chests. Our relief will help the victims of a terrible war through the next crucial winter and start them on their road to recovery. This is the program of the Labor League for Human Rights, the A. F. of L.'s official relief arm."

GEORGE MEANY

"The destruction wrought by the war is revealed more clearly as time goes on. The National War Fund can alleviate much hardship in the battle-torn areas, as well as minister to the needs of our armed forces in foreign lands. At home, local Community Chests must be encouraged to keep their services intact. Ample contributions made by A. F. of L. members through the program of the Labor League for Human Rights will insure successful operation of both the National War Fund and local Community Chests through this critical period."
